Opponents of the project say that what we need is better roads and that the federal money for the train will not cover the inevitable cost over runs. They also say that the project will only create a handful of permanent jobs and that the train would not have enough ridership to pay for its annual operating costs.	356	103	94	92	297	59	206	147	169	76	90	18
